

 **IRS 25E Used Vehicle Time of Sale Report Receipt**

KEEP A COPY of this TIME OF SALE REPORT FOR YOUR RECORDS

Information from this report will be required **to claim or reconcile** a Clean Vehicle Credit on your income tax return for the year the vehicle is placed in service.

- The buyer listed on this Time of Sale report is the **only** buyer that may claim the specified tax credit with respect to the VIN listed. Please ensure all of the information listed, including your TIN/SSN is correct - if any information is incorrect, immediately request that the dealer correct the information submitted.
- If you elected to transfer the credit to the dealer, you are **required** to reconcile the Clean Vehicle Credit on your income tax return for the year the vehicle is placed in service.
 - If your modified adjusted gross income exceeds applicable income limitations, you will need to repay the full value of the tax credit to the IRS when filing your tax return.
 - The amount of any downpayment assistance or cash payment provided to you by the dealer in exchange for transferring the tax credit **must** equal the maximum amount of the tax credit allowed for the VIN you are purchasing. If that is not the case, report that information to the IRS at: **irs.clean.vehicles.dealer.info@irs.gov**.

Vehicle eligibility requires in part, that a seller/dealer provide a report to the IRS and the taxpayer with specified information.

The seller/dealer of the VIN listed on this Time of Sales Report has submitted this information to the IRS. Please see report status on top of page two.

The IRS's acceptance of this Time of Sale report means a Qualified Manufacturer has submitted the VIN listed in this report to the IRS as an eligible vehicle.
